

RSA Regional Selective Assistance

**Grant offers accepted
October - December 2023**

The attached table details the offers made using under Regional Selective Assistance (RSA) accepted in the three months to the end of December 2023. In this period 5 businesses in Scotland accepted a grant offer totalling over £2.5 million. These offers relate to projects with planned investment of under £10 million, aimed at the planned creation and safeguarding of 163 jobs. Tier 3 accepted offers are marked with an *.

Payment is made in instalments, typically over several years as job and capital expenditure targets are met. Not all projects will proceed, and nor do all accepted offers result in full payment, as projects are sometimes scaled down or abandoned before payments are made.

The figures quoted in the tables, therefore, represent the maximum grant potentially payable if the project is satisfactorily completed, and **not** the amount actually paid to date. All job numbers given in this report are firms' forecast figures and are subject to change depending on future economic conditions and other factors affecting the businesses concerned.
