

Email from [redacted] to [redacted] (SE) and [redacted] (GVA) CC: [redacted] 25<sup>th</sup> August 2015

Hi [redacted]

I have discussed with [redacted] and with [redacted] our [redacted]

There isn't anything with Flamingo Land that would suggest not taking it further. However there are a number of areas that would require more discussion and our view is that if you are inviting Flamingo Land in for a meeting it would be helpful for [redacted] to attend at least part of the meeting for a constructive discussion around the planning issues.

The [redacted] again would need further discussion ..there is an issue with the amount of tree clearing that is proposed and it would certainly be likely to generate opposition from house owners around the site. But again planning department would want to have a constructive discussion if and when appropriate to explore if there is middle ground which would achieve a result that works for [redacted] and provides a better planning fit.

I hope this is sufficient feedback to move to the next stage.

Regards
