

High-Growth Firms

Regional comparisons defined by turnover growth (2013-16)

N. Ireland in 2016

730 high-growth firms
46,500 employees
£7.4bn turnover

3% of HGFs

2% of total HGF employment

1% of total HGF turnover

Scotland in 2016

1,945 high-growth firms
132,000 employees
£23.6bn turnover

7% of HGFs

5% of total HGF employment

3% of total HGF turnover

England in 2016

25,190 high-growth firms
2.4m employees
£837bn turnover

87% of HGFs

90% of total HGF employment

95% of total HGF turnover

Wales in 2016

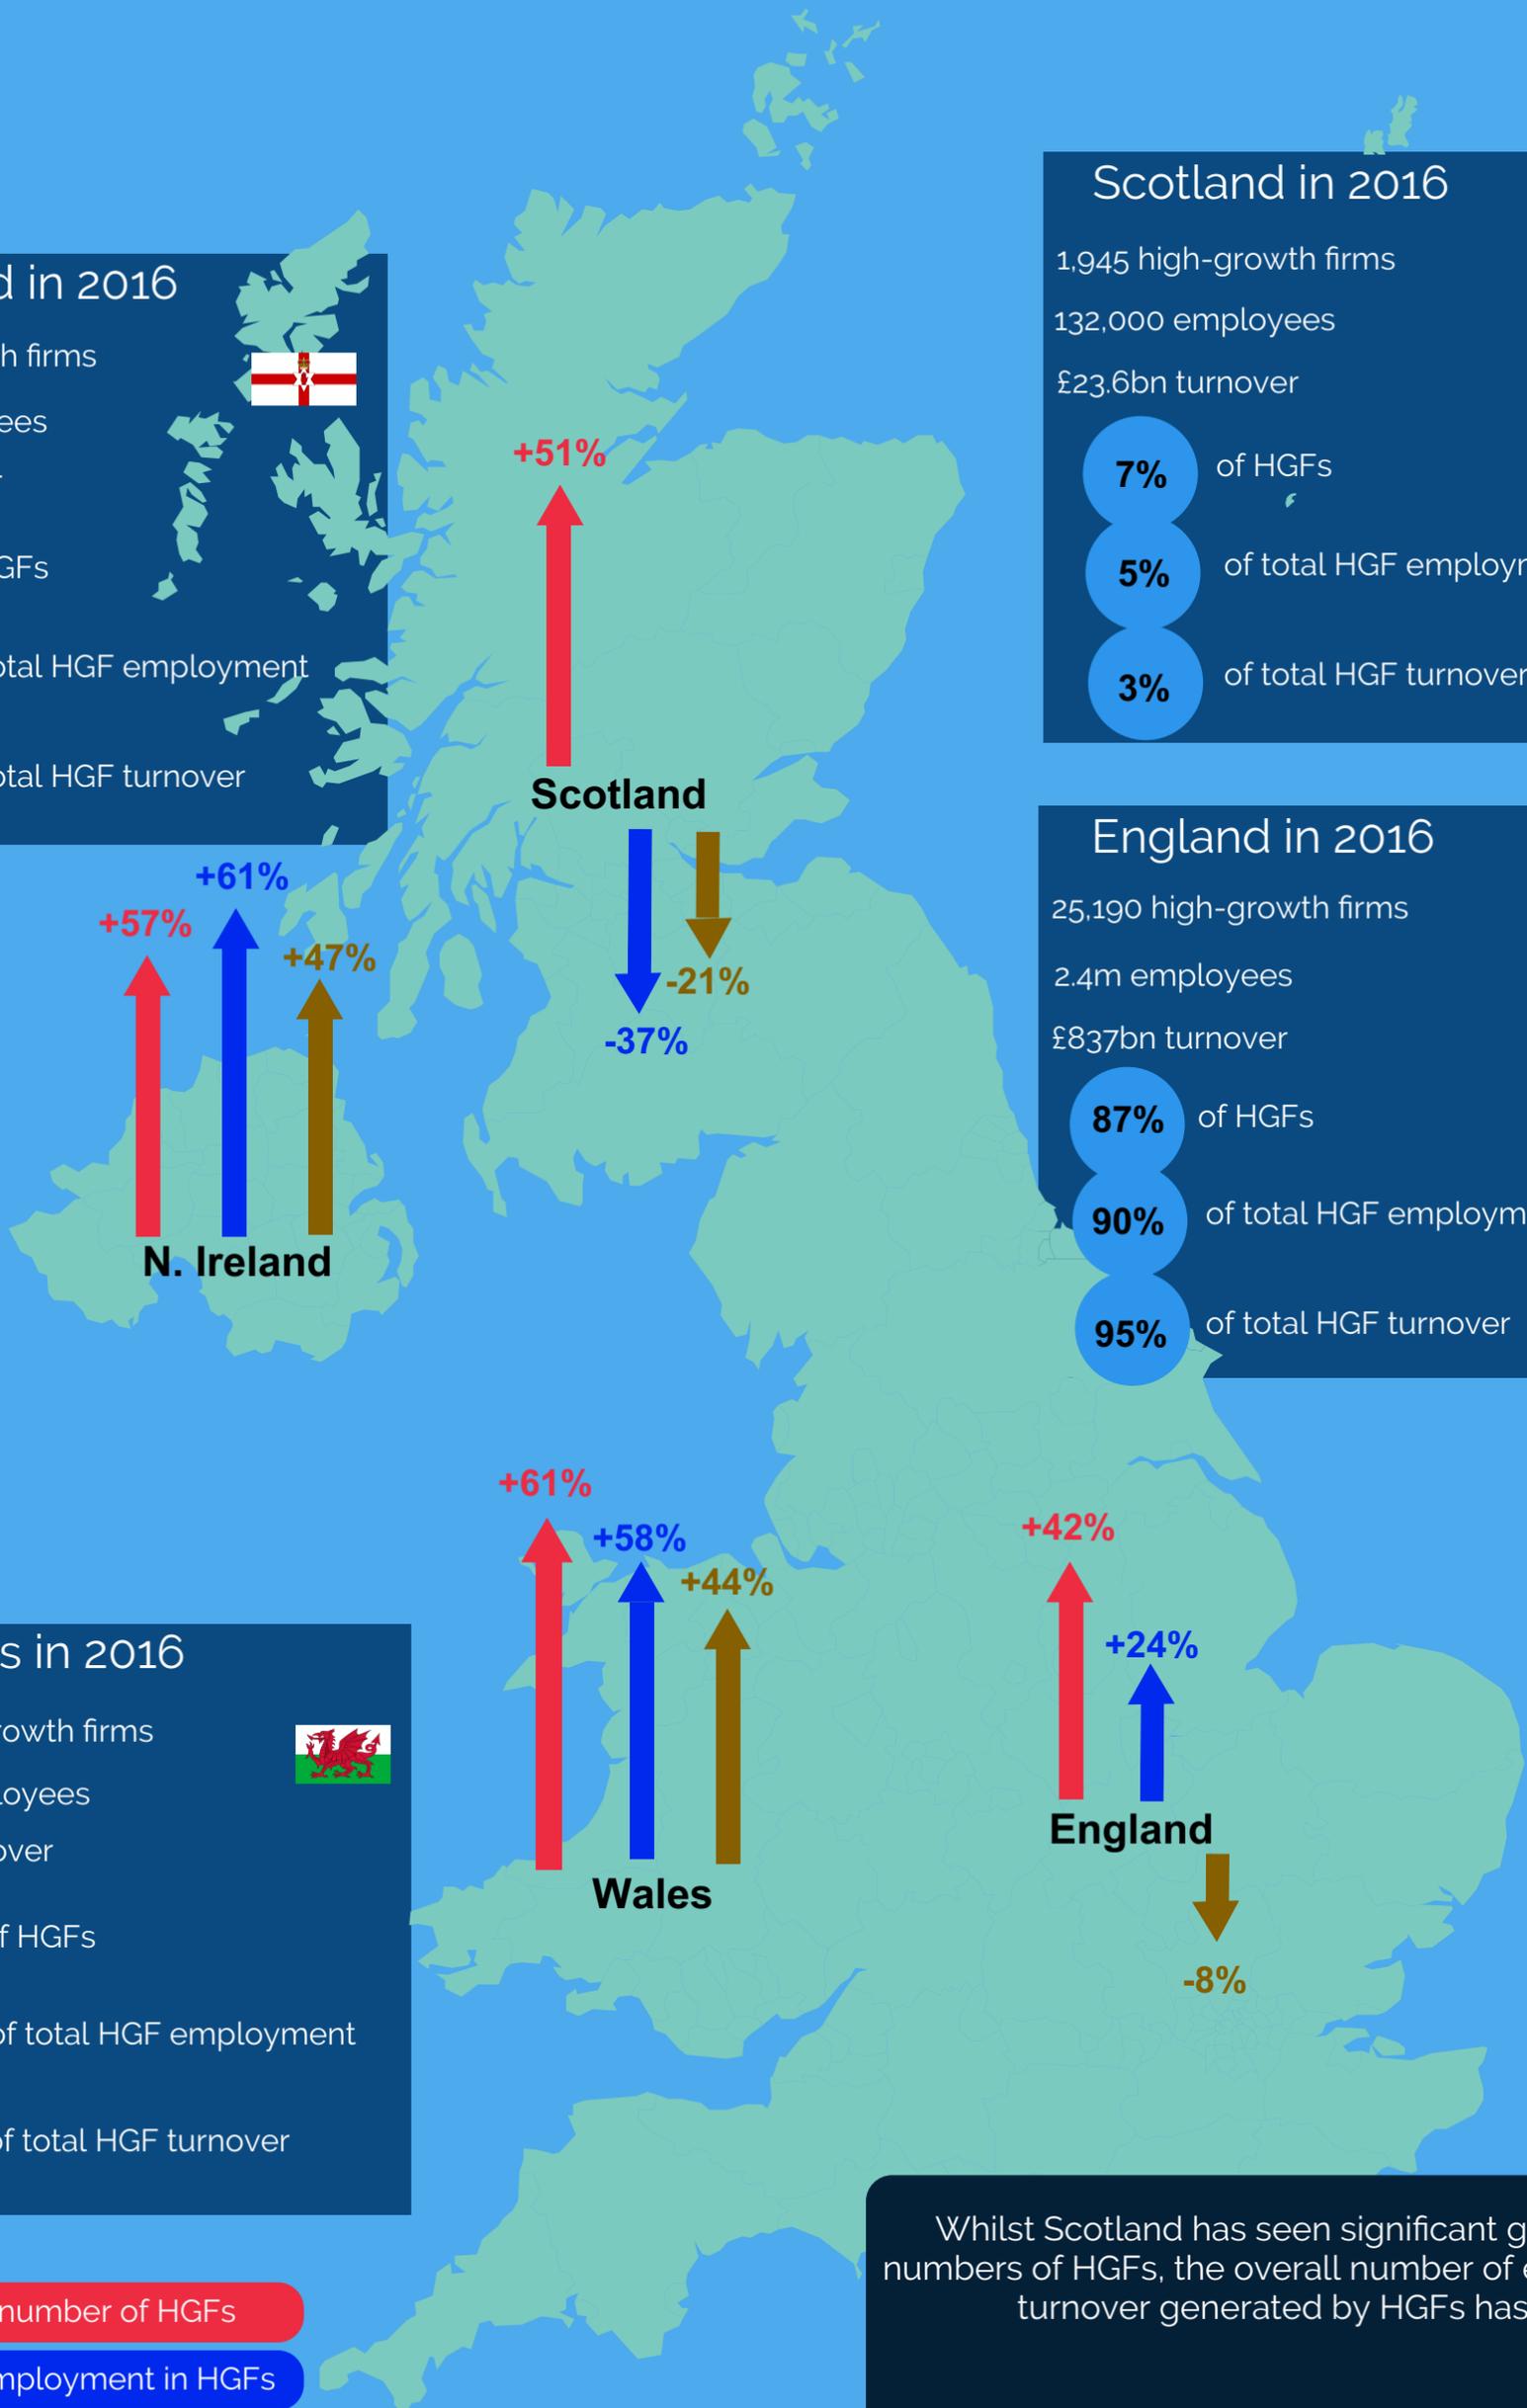

1,105 high-growth firms
86,000 employees
£11.6bn turnover

4% of HGFs

3% of total HGF employment

1% of total HGF turnover

Whilst Scotland has seen significant growth in the numbers of HGFs, the overall number of employees and turnover generated by HGFs has fallen. This suggests Scotland's HGFs are becoming smaller.

- % change in number of HGFs
- % change in employment in HGFs
- % change in total turnover from HGFs
